

American Technology Consulting

Job Description:

Requisition Number 13-110
Internal Company ATC
Division LAB/ATC/NAVI/CJSVP
Project Multiple In-house
Job Title: Team Lead/Senior Web Developer
Open: 1
Pay Scale: Open
Location: Fairfield County
Country: United States
City: Ridgefield (Relocate to Norwalk soon)
State: CT
Job Type: Team Lead/Senior Web Developers

Job Description: Team Lead/Senior Web Developers:

ATC (and Subsidiaries) are seeking Team Lead/Senior Web Developers to drive user experience innovations for multiple internal web projects. Small business entrepreneurial experience is a major plus. Some web design and enhanced functionality while building in an agile fashion. Developers will not only be responsible for defining the architectural strategy for front-end technologies but thinking outside the box, inside the box and around the box. Technologies including Joomla, WordPress, Drupal, Dreamweaver, Photoshop, Illustrator, HTML, CSS, JS, SWF, AS2, AS3, AJAX, PDF, XML, etc.

Sample Responsibilities:

- Development efforts on small-large scale web based projects, ensuring robust & lasting solutions are implemented.
- Maintain existing JavaScript libraries: making sure they support the engineering and creative needs
- Mentor team members: Educate on software development best practices and new technologies
- Innovate: Build things that people will blog and Twitter about.

Sample Requirements:

- Professional software development experience with front-end web development (Joomla, WordPress, Dreamweaver CS5, JavaScript, HTML5, CSS3, AJAX).
- Comfortable with source version control software (CVS, SVN, Git).
- Well-versed in fundamental visual and interactive design discipline.
- Strive to use web standards to build solutions using semantic markup and CSS.
- Understanding of all major browsers and the special considerations required for all various quirks.
- Aware of the interplay between JavaScript and HTML & CSS, and can dynamically create, modify, and style elements on a page with ease.
- Able to communicate technical issues with non-technical folks.
